

ITS 50TH ANNIVERSARY.

Teachers' Association of Jacques-Cartier Normal School Has Celebration.

Half a century has elapsed since the Teachers' Association of Jacques Cartier Normal School was formed, and yesterday, at the Normal School in Lafontaine Park, the members celebrated the auspicious occasion. There were about one hundred and fifty persons present. The morning session was presided over by M. J. O. Casgrain, the president of the association, and M. Brisobols gave an interesting resume of the history of the association, which was founded by the Hon. M. Chauveau the day after the foundation of the Normal Schools. The Hon. M. de la Bruere, superintendent of public instruction, spoke in impressive terms of the high mission in life of the teacher. Dinner was partaken of at midday in the refectory, and in the afternoon Rev. Father Perrier delivered an instructive address on the subject of school laws. The musical art was intelligently discoursed upon by M. J. L. Bernier, and the proceedings throughout were of a most enjoyable character.
